bring you  
reliable  
energy  
every day.**

Ever wonder what's behind your energy bill? Get a glimpse with our new video series, "Your Energy Dollars at Work." We'll take you on a behind-the-scenes journey across our region that reveals how we're investing millions of dollars to maintain and improve our hydroelectric dams, substations and transmission-lines. You'll also discover our tactics for mitigating wildfire risks. So, sit back and meet some of the people who work 24-7 to keep your lights and heat on.
