The purpose of this change is to implement a Purchase Gas Cost Adjustment (PGA), effective November 1, 2010. PGA's are normally filed annually to reflect changes in the cost of gas purchased by Avista to serve its customers. Increases, or decreases, resulting from these PGA filings directly result from the cost of gas purchased in the marketplace. Avista Utilities makes no additional profit from PGA changes. Questions should be directed to Mr. Ehrbar at 509-495-8620.

Schedule 462 allows the Company to adjust the rates within its service schedules for changes in the estimated purchased gas costs for the forthcoming year, and the amortization rate(s) pertaining to the PGA balancing accounts, as well as other deferred accounts related to costs associated with DSM (conservation) programs.

This change implements an overall revenue increase of approximately \$23.2 million (22.5%) annually. FA residential customer, using 53 therms of natural gas per month, will see a monthly increase of \$13.70.

Replacing

2<sup>nd</sup> Revision Sheet B

The purpose of these changes is to initiate a new Purchased Gas Cost Adjustment (PGA) Schedule to be in effect for the six-month period April 1, 2005 through September 30, 2005. Avista's present PGA Schedule, Natural Gas Benchmark Mechanism (Schedule 464), expires on March 31, 2005. The expiration of Schedule 464 falls in the middle of a PGA review period (October 1–September 30). Given the expiration date of Schedule 464, as well as the Commission's current investigation of the PGA process, Avista and OPUC Staff agreed the PGA provisions set forth in the proposed Schedule 463 were the most reasonable and expeditious means of establishing deferred gas cost provisions for the Company for this six-month period (April-September, 2005). This change does not affect the Avista's present rates for service in the State of Oregon.

Questions should be directed to either Ms. Andrews at 509-495-8601 or Mr. Hirschhorn at 509-495-4723.
