Be safe.  
Have your  
utility lines  
marked  
before  
you dig.

April is National Safe Digging Month. So Avista and Papa Murphy's have partnered to remind you to call 811 before you dig—to have Avista's underground utility lines marked ahead of time. Papa Murphy's is even offering a special \$8.11 pizza deal as a reminder.

Buried natural gas and electric lines could be anywhere—some just inches below the surface. So the law requires that you call the national "811 Call Before You Dig" hotline (or visit [call811.com](http://call811.com)) at least two working days before you start digging or excavating. That way a crew can come locate and mark the underground Avista lines on your property or worksite.

So call 811 before you dig. We just want you to be safe.
