

MEDICAL EMERGENCIES

If you are not able to pay your bill or only able to pay in installments, and if shutting of your service would create or aggravate a medical condition for you or a member of your household, you can provide Avista with a written medical certificate from a qualified medical professional. A medical certificate will prevent immediate disconnection of your service and allow you to set up a payment plan to pay any overdue bill.

LATE PAYMENT CHARGES

Payments not received by next month's bill date will be considered late. The late payment charge will not be applied to time-payment or equal-payment accounts that are current. For balances less than \$50, no late payment charge will be assessed. For balances between \$50 and \$200, a \$3 minimum late payment charge will be assessed. For balances over \$200, the charge will be based on a monthly late-payment rate applied to overdue account balances at the time of preparing the subsequent month's bill.

RETURNED CHECK CHARGE

Avista will require a payment of a \$5.00 charge for any payment returned from the bank unpaid.

THIRD-PARTY NOTICES

As an Avista customer, you may select a third party to receive bills and to be notified if your service is in danger of being disconnected. The third party (a friend, relative, social agency, etc.) has no obligation to pay the bill, but can notify or remind you of the pending disconnection and/or help you in making payment arrangements.

MOVING OR CANCELLING SERVICE

You need to give notice to Avista that you are moving or cancelling service at least five working days prior to your last day of service. Until we receive notice, you are responsible for all services rendered.

If you smell (or hear) natural gas, call us immediately at **(800) 227-9187**, 24-hours a day to report an emergency.

Deposit Guarantor – in lieu of a deposit you may have someone with good credit guarantee payment up to the amount of the deposit required on your account.

Deposit Amount – If a deposit is required, it will be an estimate of two month's average bills based on current rates.

Deposit Payment Arrangements – You can pay 1/3 of the deposit prior to service, with the remaining amount payable the first two months of service with the exception of paying a deposit after disconnection. This is described in the Service Reconnection section.

SERVICE DISCONNECTION & DELINQUENT ACCOUNTS

Service Disconnection – Your service can be disconnected for any one of the following reasons: (a) nonpayment of delinquent bills (bills are due within 15 days after issuance) or any other charges or installments, including deposits; (b) providing false identification or verification of identity; (c) failing to cooperate in providing access to the meter; (d) meter-tampering, diverting service, or theft of service; (e) where dangerous or emergency conditions exist or do not comply with state and municipal codes governing service or the rules and regulations of Avista; or (f) return from your financial institution of a dishonored check or draft presented for payment of a deposit or monthly bill that is not replaced with a real payment by the notice date.

Restrictions on Service Disconnection – Your service will not be disconnected on or the day prior to a weekend or a state or Avista recognized holiday.

Notice Requirements for Service Disconnection – Avista gives, at a minimum, 15 days written notice that we intend to disconnect your service. The notice tells you the reason for the planned disconnection, what to do to keep your service on, and the deadline date by which you must act. At least five business days before the proposed disconnection date, Avista will mail or deliver a written disconnection notice to you. On the day that Avista expects to disconnect service, and prior to disconnection, we will make a good faith effort to personally contact you or an adult at the residence to be disconnected. If the contact is made, Avista will advise you of the proposed disconnection. If contact is not made, we will leave a notice in a conspicuous place at your residence informing you that service has been, or is about to be, disconnected.

Service Reconnection – In order for you to be reconnected you have two options:

1. Pay all outstanding balances, a minimum of 1/3 a deposit if charged, and reconnect fee. If a deposit is charged to you, the remaining deposit installments are due 30 days and 60 days after the first installment payment. Except for the last payment, installments will be the greater of \$30 or 1/3 of the deposit.
2. Pay 1/2 of the outstanding balance, full deposit if charged, and reconnect fee. The remaining outstanding balance owed to Avista must be paid within 30 days of the date service is initiated.

Should disconnection for nonpayment of a deposit occur, you will be required to pay the full amount of the deposit, any applicable reconnection fee, late-payment fee and 1/2 the past due amount before service is restored. The balance of the past due amount must be paid within 30 days of the date service is restored. You may continue with an existing time-payment agreement by paying all past due installments, along with the full deposit and other applicable fees.

Reconnection Charges – If your service is disconnected for nonpayment and you request a reconnect, you will be charged \$30 during office hours (8:00 a.m. – 5:00 p.m. on weekdays) and \$50 for all other times
