

# Keep your energy budget on track.

Avoid being surprised by a higher-than-expected energy bill. Sign up for Avista's new budget alerts.

**AVISTA**<sup>®</sup>

During enrollment, Avista will provide your high, low and average bill amounts from the previous year. That way you can set a desired monthly budget alert.

Afterwards, we'll track your daily energy usage through your new smart meter. If during the month we estimate your bill will exceed the amount you set, you'll be alerted immediately by text or email. So you can take steps to reduce your energy usage before your bill comes out.

**For peace of mind, enroll today.** While you're at it, also sign up for our outage alerts and billing notifications (to see your due date and bill amount).

A close-up photograph of a person's hands holding and interacting with a smartphone. The person is wearing a blue shirt. The background is blurred, showing what appears to be a laptop keyboard.
