

Top three reasons to call 811 before you dig.*

*Call 811 before you dig at least two business days before you dig. Excludes weekends and holidays.

1 You can't cook a pizza if you cut power or gas to your oven.

2 A pizza costs less than the repair bill for damaging utilities.

3 It will keep you safe so you can dig into your pizza later.

Be safe.
Have utility lines
marked before
you dig.

April is National Safe Digging Month. So Avista and Papa Murphy's have teamed up to remind you to be aware of buried natural gas and electric utilities. Please call 811 (or visit **call811.com**) at least two working days before you dig—it's the law. It allows a crew to come locate and mark all your underground lines ahead of time. We just want you to be safe.
